Hello, I don't know your name yet because this email was sent before you got that far on my form!

This email is to confirm you have created a secure account on my LINGsCARS.com secure SSL server.

The whole of the progress of your new car/van will be discussed on my secure web server giving you a full graphical record of the progress of your new car.

If you find you are struggling with the choice of make/model of car, please simply choose the nearest alternative and describe what you really want in the comments field on my proposal form. I always double-confirm cars and prices before I propose them.

Hey, Tigger

Shut the fuck up with your swearing.

It's not a spam email, it's a security email.

What this means, dumbo, is that someone (one of your friends if you have any?) has "signed" you up to apply for a car from me using your email address, because they think it's FUNNY. That's how I got your email, some "friend" filled it in on my form. Duhhhhhh.

This email you are fukkety fucking about is a security feature designed to check if it is really you and if you want to proceed. So, it has worked perfectly and you should thank me for it, that it has prevented this practical joke from your "friend" from progressing further.

So go and find the dumbass who thought it was a good idea to pretend you wanted to apply for a car and go swear at them.

I do have some IP information about the person who filled the form. If you speak nicely I will ignore data protection and pass it to you.

And after you have bollocked THEM (not me), you might want to FUCK RIGHT OFF, yourself, Tigger Heidkamp.

I'm making this public, because your swearsy response is outrageous and stupid.

Regards,

Ling |

Hey, Tigger...

The car application form with your email on it was started from Otumotai College in Tauranga, a co-educational secondary school for people with learning difficulties in New Zealand. I've helpfully copied the school in on this.

Dear Otumotai College, this person below (Teigen Heidkamp - maybe you know him) sent me a slightly (or) very rude email below (depending on your sensitivity) which indicates that someone from Otumotai College is subjecting him to ID fraud. The perp was looking at my spoof DeLorean DMC-12 deal. Which is [here](#).

If you look here at this PDF it will give you the outline of the conversation.

Hope you can all get to the bottom of this, but in future Tigger - watch your tongue, pal.

Regards,

Ling

Hello Ling,

I'm Cameron Martin, the friend who did this to Teigen.

Listen, I found your site very funny and cool, so I decided to look into the order form (Not meaning to completely fill it out). Anyway, I was going through the check-lists to the end where the renowned Gender check was (which was apparently funny).

So I didn't think it would go through as I didn't get to the final stages of the card, in-fact I closed it as the teacher was coming round. So I didn't think it would send you anything at all. The reason she swore is because she was just incredibly mad at who-ever did it. She means no offense to you or your business.

I am aware of the time I have wasted to you, and how much you value your customers and I am extremely sorry for my actions, I accept full responsibility for this. I admit that I'm an extreme idiot for doing this to her, and also you. I can't believe I have done this, and right now am regretting my actions severely as you have probably taught me a life lesson.

I can't explain how sorry I am right now,

Regards,

Cameron Martin

Cameron,

That's OK, don't mind you having fun. Well done for emailing me.

It was your pal Tigger going off it that made me investigate and respond.

Tigger wants to watch her tongue (it's a GIRL???) as that will get her into trouble one day in the real world.

No harm done and thanks for the email. Thanks so much for the comments. Hope fukkety-fuck Tigger forgives you :)

Regards,

Ling

My goodness, I was expecting such a yelling.
Phew, I thank you so damn much for accepting the apology.
Getting Teigen to forgive me may be a different story though :P
I am never going to do anything like this, EVER again!

I wish you and your business the best of luck for the future.

Thanks again,
Cameron :)

Cam,

Well... when I get proposals on my DeLorean deal, I know it's people having fun clicking around, which is perfectly fine with me (carry on) :

I like to have fun on my website.

Send me your real physical address and your size and I'll send you a LINGsCARS tshirt.

The problem was that you didn't expect tigger to respond to me like she did, and there's no way I'm going to let someone speak to me like she did (don't mess with Chinese hahaha), so that's why it escalated. I'm sure she will realise no harm done. Maybe she went mental because she's ginger? Heh. You need to superglue her "f" key to keep her under control. Her response was dangerous, I have found out who she is and it would not take much for a local nutter/loony to take a grudge and threaten her... she needs to be careful flying off the handle like that to someone she doesn't know.

:)

Anyway, how you fill in the form with her email while being upside down is beyond me.

Tell Tigger to enjoy the All Blacks vs Argie game and to chill.

All good fun.

Send me your address (I'll keep it private) and size if you want that t-shirt.

Regards,

Ling
